THE STORY OF THE TOWN HALL

The Town Hall, rightly considered the most distinguished feature of Fitzwilliam, was built in 1817 as the third meeting house. It stands on the site of the second meeting house, of which it is a replica, which was built in 1816 and destroyed by fire nine weeks after it was dedicated. The first church of the town, built in 1770, was a plain square structure on the hill by the burying ground.

The present building was the second of a group of notable churches in this region. Among them the Fitzwilliam church is distinguished because of its perfect proportions and the elegance of its spire with its storied and diminishing members. It has been called the most beautiful Colonial church in New Hampshire.

SELECTMEN'S REPORT

The Board of Selectmen present their report for 1971 and it is hoped that this report and the reports of the other officers, department heads and committees will receive the thoughtful consideration of the townspeople. As usual, the detailed expenditures of several departments are listed elsewhere in this report. It will be noted that there are overdrafts in several categories. In most instances this reflects the increased costs of labor and material. Town Officers expenses show the increased costs of auditing, postage, printing and the town reports. In this connection it should be mentioned that in the interest of economy the Board of Selectmen decided that for this year a smaller size print would be used for the inventory of property. Any comments on the continuance of this arrangement will be appreciated by the Board.

The Highway Department shows a substantial overdraft. This is more than offset by the supply of crushed gravel stockpiled for coming season. The Town was fortunate to locate a quantity of gravel in the southwest part of town which was suitable fro crushing. Through the efforts of our Highway Agent, and the agreement reached with the landowner it was possible to contract for the crushing of over 8,000 yards of material.

The $5,000.00 appropriated last year for the construction of a bridge on the Stone's Road has been carried forward for use this year. The Board of Selectmen made application to the State Highway department for Bridge Aid. Under this arrangement the state builds the bridge and the town pays one-half the cost. The estimate which the town received indicated that the cost to the town would be about $29,000. On further investigation it has been estimated that a metal culvert of sufficient capacity could be installed for less than the town's share of a Bridge Aided project.

Under the Highway Subsidy Act passed at the 1971 session of the legislature a part of the 2¢ gasoline tax increase is returned to the town. This total sum goes into the general fund of the town as a revenue item to reduce the tax rate. However, it must be spent on the roads of the town in such a manner as can be accounted, for to the satisfaction of the State Highway Department. To accomplish this, Article 8 has been placed in the warrant for the approval of the voters. It is also proposed to use the funds listed in the budget under TRA to continue the reconstruction of the East Lake Road toward the Depot.

Article 34 has been placed in the warrant for the consideration of the voters. It is felt that such a committee might be better able to keep informed of the imminent changes in solid waste disposal and new developments in sewage systems. The current confusion on the matter of water aid aid pollution will require considerable study to sort out the practical from the impractical and make such recommendations as it feels is in the best interests of the Town.

How to distribute the tax burden is of major concern at the present time. With the Legislature in special session, considerating legislation which would drastically change our local property tax structure, especially the financing of our educational system, any comment we might make would be mere speculation.

The Selectmen do recommend favorable consideration of Article 9 of the warrant. It is the opinion of the Board that it will be in the best interests of the

Town to bring our assessments up to the present state standards. Failure to do this could result in an unfavorable "equalized valuation" figure. This would especially be so insofar as the property tax exemption applies to the elderly. With a $40.00 tax rate and 100% equalized valuation the $5,000 exemption amounts to a $200 tax credit. If our equalization figure skids to 50%, the $5,000 exemption drops to $2,500 which at the same tax rate amounts to a $100 credit and an added $100 tax to the individual who other wise qualifies for the full exemption.

The Board of Selectmen is pleased with the manner in which the mapping program has been carried out. It is hoped that the property owners will take advantage of the opportunity to inspect the preliminary survey sheets and aerial photographs now on file in the Selectmen's office. The survey gives the total acreage within the town as 23,586.5 acres made up of 1,259 parcels of land. Of the total 908.9 acres are water, 502.4 acres in highways, 177.5 acres are in the railroad right of way, state owned lands are listed as 14 acres on Grant Hill and 291 acres at Rhododendron State Park. It should be remembered that the listing of a parcel to an individual, or jointly with another, does not necessarily establish ownership. It does mean that at the time of the survey and from the best evidence available the property was listed to the individual(s) to whom the property should be assessed.

In the event of errors, omissions and corrections the parties concerned will be expected to present such evidence as they may have at a public hearing to be held early in April 1972. The exact date and time will be made known through the press and posted in the usual places for such notices. It would be helpful if those wishing to be heard would register with the Selectmen and outline their differences. The continued cooperation of the property owners will insure the value of these records for many years to come.

SELECTMEN OF FITZWILLIAM

STATE OF NEW HAMPSHIRE
TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Fitzwilliam, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Fitzwilliam for the fiscal year ended December 31, 1971, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk for retention as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library, Village Precinct, Summer Recreation Program, and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets - December 31, 1970 and December 31, 1971: (Exhibit A-1)

Comparative Balance Sheets, as of December 31, 1970 and December 31, 1971, are presented in Exhibit A-1. As indicated therein, the Current Surplus of the Town decreased by $6,451.36, from $35,174.52 to $28,723.16.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decreases in Current Surplus:		
Tax Collector's Excess Debits (Net)	$ 145.84	
Surplus Used to Reduce Tax Rate	15,000.00	
		$15,145.84
Increase in Current Surplus:		
Net Budget Surplus		8,694.48
Net Decrease in Current Surplus		$ 6,451.36

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1971, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a net unexpended balance of appropriations of $101.27 plus a revenue surplus of $8,593.21 resulted in a net budget surplus of $8,694.48.

TREASURER

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1971, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1971, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Uncollected Taxes:

As of December 31, 1971, delinquent property, poll, yield and head taxes amounting to $778.29, on account of the levies of 1969 and prior years, remained outstanding on the Tax Collector's warrants.

As suggested in our report for the fiscal year 1970, the lists of uncollected taxes should be reviewed and where required, abatements should be issued by the Selectmen. The Tax Collector should take action to enforce collection of the remainder of these delinquent taxes.

Unredeemed Taxes:

As indicated in Exhibit C-2, there were, as of December 31, 1971, unredeemed taxes from the tax sales of the levies of 1968 and prior years as follows:

Levy of	Amount
1968	$1,433.32
1967	366.59
1966	942.86
1965	395.45
1964	129.24
1963	101.06
1962	118.92
1961	37.45
1960	7.03
1959	6.90
1956	30.50
	$3,569.32

Again, in reiteration of our comments in the report of the previous year, it must be asserted that the Tax Collector should deed all of the properties involved to the Town, inasmuch as the statutory two-year period for redemption from tax sales has expired on these unredeemed taxes. The execution of tax deeds on all properties which are in default of redemptions is required by the provisions of R.S.A. 80:38.

As indicated in this audit report, and those of the preceding two fiscal years, the accounts of the Tax Collector for the fiscal years 1969, 1970 and 1971 have resulted in numerous excess debits and credits, i.e., total charges to the Tax Collector have not equalled total credits applied in the tax accounts.

As of December 31, 1971, the aggregate net excess credits totalled $834.31, computed as follows:

Excess Credits: (Net of Excess Debits)		
Fiscal Year - 1969	$ 13.78	
Fiscal Year - 1970	966.37	
		$980.15
Excess Debits: (Net of Excess Credits)		
Fiscal Year - 1971		145.84
Difference - Net Excess Credits During Period		$834.31

The existence of such excess debits and credits in the Collector's accounts, as evidenced by Exhibits C-1, C-2 and C-3 included in our annual audit reports, is an indication that the Collector's accounting procedures for tax receipts is inadequate. These procedures were reviewed by our staff and it was found that the Collector does not record tax collections in the cash book as received, but rather makes entries therefore on an irregular basis, usually only once a month. This practice is contrary to recommended business procedures and results in considerable confusion in that in many instances receipts are omitted, duplicate entries are made, etc.

The Collector is hereby advised to effect entries in his cash book immediately upon receipt of tax monies. Furthermore, we must point out that, by law, the Tax Collector is responsible for reconciling the tax accounts. This function is not that of the auditors. When this function is performed by our auditors, considerable additional expense, incident to the annual examination, is incurred by the Town. This expense could be avoided if the tax accounts were in balance when audits were made.

Conclusion:

The provisions of Chapter 71, Section 27-a, of the Revised Statutes Annotated require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Fitzwilliam for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Fitzwilliam for the fiscal year ended December 31, 1971.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Fitzwilliam at December 31, 1971, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Frederick E. Laplante, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

REPORT OF THE ROAD AGENT

MAINTENANCE

Winter maintenance was done, plowing sanding and salting. Regular summer maintenance was done, replacing culverts, grading, cleaning ditches, cutting brush and patching.

Work was done on Fisher Hill and Jock Page Road blasting and graveling, and Fisher Hill was oiled. Sections of Roads #94, 90, 51, 87, 74 and 73 were scarified, graveled and re-oiled. Our new grader was a great help getting these projects done.

CRUSHED GRAVEL

Work was done stripping gravel bank and getting someone to crush our Fitzwilliam stony gravel. 8,563 yards were crushed.

OILING

Oiling was done on Royalston Road, Rhodedendron Road and various short roads, approximately 200 tons of cold patch were made.

TRA

Three and a half weeks spent doing TRA on Lake Road.

DUMP

The usual work taking care of the town dump was done.

FITZWILLIAM FIRE WARD'S REPORT FOR 1971

The Fitzwilliam Fire Department progressed tremendously in 1971. The men participated in fire schools, regular drill secessions and this has improved the ability of the men to be better adapted in meeting fire emergencies. The men of the Fitzwilliam Fire Department are dedicated to preventing fires and being properly trained to control fire emergencies.

A new type emergency call is now prevalent in the department and this is answering auto-accidents. This past year the department assisted at 8 calls pretaining to auto-accidents or auto fires.

The department added a tank truck in 1971. This new unit is a 1950 Ford fire truck equipped with a 1500 gallons of water with a 100 gallon per minute pump. The truck will be equipped with a 500 gallon pump as soon as possible.

The 1954 village truck was remodeled to be equipped with a reel to carry our four inch hose. This reel will allow the men to re-load the hose at the scene of the fires. This reel is capable of carrying 3000 feet of hose.

The addition of the "new used tank truck" marks an end of an era, in which the department has replaced all equipment of age beyond 30 years. The "Stewart Fire Truck" purchased in 1936 and served as a front - line unit for 35 years in now retired and its fate will be decided upon this year.

The men of the Fitzwilliam Fire Department gave $2416 dollars to the department for purchasing new fire equipment to support the men with small items which are essential at a fire. The department also gave $2790 to other town charities. This now makes a total of $22,000 dollars given to the town and charities over the past five years. Thinking in tax rates, then this has saved the town additional tax burdens.

We, as Fire Ward's, could not let a year go by in which we didn't thank the Meadowood County Area Fire Department for their services. As you may or may not know the men of this department serve without pay and must earn all the money to meet the department's expenses.

In 1971 a town fireman of some 34 years retired and left to live in Maine at his second home. This family, Edward and Dorothy Grant, were among the original Fire Dispatchers for our town and served many years answering the "Old Red Net Work Phones" without pay. The members of the department wish them well and thank them for their many years of service. Each one was given a new fishing rod to relax with at their pleasures.

Please read the Fire Station Committee report and support the building of a new station. The men of the department will commit $15,000 to building the inside of the station if the town will provide the money for the station.

Respectfully submitted,
Carl E. Baldwin

THE FIRE STATION STUDY REPORT

Members of the committee as appointed by the Selectmen:
1. Edwin O. Mattson Jr., Chairman of Fire Ward and Committee Chairman
2. William Davis Sr., Chairman of Board of Selectmen
3. Winston A. Wright, Fire Ward
4. Carl E. Baldwin, Fire Ward
5. Edward E. Green, Citizen appointee
6. Russell Raitto, Citizen appointee
7. Daniel Bemis, Citizen appointee

Consultants:
Benjamin Bullock, Plumbing & heating
Frank Massin, Insurance
Dudley Houseman, Planning Board
William Prigge, Town Counselor

The committee above is recommending the town provide funds to build a new Fire station which would be located at the depot near the Catholic Church new Parking Lot. Articles 13 and 14 are in the town warrent to do this action. A public hearing was held on February 16, 1972 and from this, the committee feels the people are willing to build such a station. Below are the recommendations of the committee:

1. A new station be built at the depot across from the Plante's Store on the former Reed Property.
2. The Village fire station be used as long as possible to maintain insurance reductions for home owners within the 3 mile radius of the station.
3. In the future a sub-station may be needed in the Stateline area as the population increases. At the present rate this maybe needed in the early part of 1980.
4. The town pay for the new station by borrowing on a 3 year note as described in the Town Warrent in Article 14.
5. The Towns people accept the land donation as stated in Article 13 of the warrent.
6. The firemen have pledged 15,000 dollars if the town votes the building. This money to be used for finishing the inside of the building.
7. The committee recommends the Present Depot Station and land be sold with the condition that the building be removed within 120 days after purchasing the property.
8. The money received for the sales of the land and building be used in paying the note payments.
9. The new hall be dedicated in memory of a town citizen and a committee be appointed as follows:

   Member of the Board of Selectmen, Chairman
   Member from the fire department
   Two members of the historical society
   Two members of the town citizens.

REPORT OF ROAD AND STREET SIGN COMMITTEE

We have made a study of all the roads, streets and courts in the town and have named each one.

We based our project on a historical nature, old names of our ancestors, and not naming any one after any living person.

We have numbered all with the state numbers on a master map.

We have submitted the names to James W. Sewall Company and have been accepted for their maps and survey of the town.

We have worked closely with the Selectmen to their approval.

We recommend that the Committee be continued for another year to further study, as to sign posts and erection of same.

We herewith submit the list of names for your approval.

REPORT OF STREET LIGHTING SURVEY COMMITTEE

We, together with the Public Service Company representative, made an extensive survey and study of the street lighting to do the most good for all the people and the town.

We considered only the lighting of the streets and roads and not considering any individual.

We replaced all the old Incandescent lights with the Mercury Vapor lights.

We particularly stress the location of lights at intersections of heavy traffic.

We erected new lights where none have ever been before; such as Bowkerville Four Corners, State Line, Route 12 near Gulf Station, Elliot Laboratories entrance to Route 12, Fullam Hill, Bull Run and Laurel Lake.

We recommend the Committee be continued another year to make further study and survey of the lighting needs, and to receive any complaints or suggestions to the betterment of the town.

Respectfully submitted,

REPORT OF FITZWILLIAM POLICE DEPARTMENT
Year Ending December 31, 1971

The Department has been averaging twelve calls per week on all sorts of requests, many not of police nature, but never the less have offered advice and to transfer many requests to other departments.

Breaking and entering in our town has declined by 10% and vandalism remains about the same.

Highway accidents accounted for two deaths this past year, this due to speed faster than allowable and existing road conditions.

Our court activity has increased this year and we summonsed to court for violations eighty one cases for the district court and six juvenile sessions were held at our request.

In this year we received funds from the Federal Government and purchased two mobile radio units, they have been installed and are performing satisfactory.

We wish to thank our citizens, and police departments of surrounding towns for excellent cooperation, as well as Sheriffs Department and State Police.

The bicycle problem is continuing to mushroom and some sort of control is needed, with some sort of penalty assessed. Mini bikes also are a growing concern to this department. We have an article in the fiscal year 1972 budget for discussion and approval by citizens if they feel so to do.

The major calls and descriptions are listed as follows for the past year 1971.

Abandoned Cars	12	Runaway	1
Motor Vehicle Accidents	51	Patients to Concord	3
Animal Calls	46	Persons to County Farm	2
Animals Destroyed	4	Missing Persons	12

IN MEMORIAM

MARGUERITE E. DAVIS

The life of Marguerite E. Davis was characterized by unselfish loyalty and devotion to the town, the church, to its people and to every worthy activity. She loved everything in nature, Mt. Monadnock with its seasonal light and shadows, the trees in the Spring with the new growth, the flaming color in the Fall, and every flower and bird.

Her early education was obtained here and was continued at Proctor Academy, and the School of Nursing at the Brattleboro Hospital. Prepared then, as a Registered Nurse for service in that field, she became a member of Base Hospital #44 of Boston and represented her town in active nursing service for one full year in France during the First World War.

On her return to Fitzwilliam she served as the Public Health Nurse for 40 years. Her devoted service in that capacity cannot be fully appreciated as it demanded travel in all kinds of weather and at all hours of the day or night. No call was ever refused! She served also as School Nurse, taking personal interest in the health and welfare of the family situation of each child.

After her retirement she devoted more time to the garden which she loved, but with her intimate knowledge of families where there were problems, she continued to give help which was needed, either of service or material aid. She sought no reward or recognition of her gifts which were given silently and liberally to the Church, to the Library and to any worthy cause. Her sudden death cannot end the loving memory that we have of her.

FRIENDS OF THE FITZWILLIAM TOWN LIBRARY
ANNUAL REPORT - 1971

The Friends of the Fitzwilliam Town Library is now a year old. Though young, and with much to learn, it has been instrumental in helping the librarian and trustees in improving library services in Fitzwilliam.

The "Friends" first contribution to the library was to conduct the Library Open House Program and Childrens' Poster Contest to celebrate the Fitzwilliam Library Centennial in January. The prize for the best poster (My Favorite Book) was a child's book given to the Library in the winner's name. Mrs. Oscar Olsen and her committee served refreshments both in the afternoon and evening. The Open House was a tremendous success, and the attendance most gratifying.

The Book Selection Committee attended six meetings and helped the librarian select books (fiction) desired for the library. In January, at the request of the trustees, the "Friends" contributed toward buying non-fiction books. All together 143 books were paid for by the "Frinds."

The much-needed typewriter was purchased for the library; Mrs. Rees and her committee covered all new books with plastic protective covers; Mrs. Whitcomb and her committee have read to the pre-school children every other Wednesday; and Mrs. Underwood and her committee have worked on the continuing project of covering the library shelves with Contac. Mr. Harrie Sherman and Mr. Ian Whitcomb donated their time and painted the fence in front of the library.

The membership drive, headed by Mrs. Sweeney, brought the membership to 167.

The First Annual Meeting and "pot-luck" supper was held in June in the Congregational Church. Committee reports were read, and the constitution and by-laws were accepted.

In September, the Worcester Barber Shop Chorus presented its second concert--the "Friends" major fund raising project of the year. From its fee, the Chorus donated a generous sum to the "Friends" which helped in raising $1,000.00.

The latest project undertaken by the "Friends" is a bi-monthly newsletter pertaining to the activities of the Friends of the Fitzwilliam Town Library, new books purchased for the library, and other related information of interest to members. Copies are mailed to members, and are available at the library.

LIBRARIAN'S REPORT 1971

We continue to increase our circulation and improve our Library and services. On January 21st we celebrated our 100th anniversary of being a Public Library by having an open house which was well attended. The Friends took care of serving refreshments.

The Library was painted outside by contract, the fence was painted by volunteers, rails were installed each side of the steps and the Woman's Club donated the painting of the stack rooms and purchased and installed gold drapes upstairs, all of which has really improved the appearance of our Library.

A typewriter was presented to us by the Friends of the Library in January and is much appreciated.

Because so few people used the Wednesday evening, we decided to discontinue it. We may start it again in 1972. The Woman's Club donated $15.00 for new books and gave five memorial books. The Garden Club has given two memorial books and fresh flowers for the season which were much admired.

Gifts of books were received from various friends. Miss Sturtevant continued taking books to shutins and also supervised the Story Hour for the preschool. She thanks the volunteer readers who have helped. A total of 7037 books were circulated - 469 magazines and 100 records, including 1596 books taken by children.

We have had a telephone since November and if you wish to renew books or ask questions, our number is 585-6503. A new office chair was provided by the trustees for use behind the desk in the circulating room late in December and both Librarians are pleased to have it.

Miss Bosworth, Miss Sturtevant and members of the Friends' Book Committee and I attended all five book selection meetings in Keene District Office. The bookmobile made four visits and we borrowed over 1000 books and sent to Concord for 65 more.

The Historical Society removed their property from our museum room and we are planning to furnish this and use it for an adult reading and reference room, leaving the front room for our teenagers as a study and reading room.

We wish to thank the Friends and all who have helped us to make our Library a service to our community. However, we would like to see more people using our facilities.

I appreciate the continued help of Miss Mable Sturtevant. Also the volunteers who have helped me on Saturdays, Mrs. Carlton Smith, Mrs. Russell Wallace, Mrs. Robert Underwood and Mrs. Francis Whitcomb. Mrs. L. P. Hatch and Mrs. Alden Farrar are our new substitutes.

Come and make us a visit,

Mamie W. Roche
Librarian

FITZWILLIAM HISTORIC DISTRICT

At the March 1971 Town Meeting another district was added to the Fitzwilliam Historic District.

During the year, nineteen applications were received for either new buildings, additions or improvements, of which sixteen were approved, two were refused, and one is pending for state approval of percolation test, and one was referred to the Board of Adjustment.

There has been remarkable cooperation among property owners in the district who want to abide by the rules and regulations adopted for the Historic District.

As a result of the aerial survey we have been able to definitely establish the corners and pins have been set to identify the boundaries of the two Districts.

Two inconsistencies within the district were found and are to be remedied under two articles in the 1972 Town Warrant.

SUMMER RECREATION PROGRAM, SUMMER 1971

The 1971 Summer Recreation Program was successful both in the number of children participating and the activities offered. Mr. Eugene R. Beauregard was with us for our second year and was assisted by Susan Brown, Donna Chase, Richard Aldsworth and Barbara Firmin.

Children in grades one through six were welcome weekdays at the Emerson School between 9 a.m. and 1 p.m. Approximately 108 children registered and a daily average attendance of 38 was maintained. Attendance was exceptionally high during the two weeks we sponsored the Red Cross Swimming Program at the Fitzwilliam Inn pool. Members of the Recreation Committee provided transportation to the swimming lessons and back to the playground.

In an attempt to include more children in the playground program, transportation from home to school was provided for State Line children who could not otherwise have participated. Hopefully this program will be expanded next year to include more of the children in the outlying areas.

The activities offered this summer were chosen to include children of all ages. There were tournaments in 4-square, checkers, chess, ping pong, archery and even bubble gum blowing. Lessons were available in tennis and swimming. Trips were taken to Santa's Land, Whalom Park and to Keene State College to see "Winnie the Pooh" performed. Special treats included a softball game with Troy youngsters, a Field Day at the Emerson school yard, a climb up Mt. Monadnock, an Arts & Crafts night and a well-attended Awards Night cookout.

The Committee wishes to thank the following for their generous offerings to the program: The Lions Club, the Elliot Institute, The Fitzwilliam Firemen's Auxiliary, Mrs. Alfred Guidotti, Mrs. Enoch Fuller, Mrs. Russell Raitto, Mr. and Mrs. Robert Parrott, The Fitzwilliam Inn and the Neighborhood Youth Corp which provided us with our two high school assistants.

Plans for next year are to involve more children in the program and to provide the best program possible with the facilities we have. The Committee would appreciate any suggestions and offers to help. More adults are needed to participate in this program to keep it running efficiently and safely as our attendance increased.

REPORT OF THE RECREATION COMMISSION 1971

The Commission has had a busy year. There have been basically two projects; summer recreation and Laurel Lake Recreation Area. A report of the Summer Recreation Committee is found elsewhere in this Annual Report.

The search for property finally focused on the south end of the Lake where the members found the best possibilities for development. Two primary reasons for choosing this site are the lack of cottages on and near the property and the excellent natural swimming area there.

The land has been carefully surveyed and mapped. Plans for development of the property have been laid out. Various problems inherent in the land have been studied and proposals made to solve them.

The Commission feels it has done everything within its ability to satisfy the request of the townspeople at the 1970 and 1971 town meetings.

We now have the chance for Fitzwilliam to own a piece of Laurel Lake and to develop it for the benefit of all the people in this town.

We need the continued support of the townspeople to be able to complete this project and give us a recreational area of which we all can be proud.

FITZWILLIAM PLANNING BOARD - 1971 REPORT

The year was an active one for the Planning Board, meeting regularly on the second Monday of each month at 7:30 p.m. in the Selectmen's office. Although all meetings are open to the public, there was, additionally, one open hearing and several special meetings. There were also several newspaper articles aimed at keeping townspeople informed of Planning Board work.

I will take this opportunity again to thank not only the present members of the Board but also all Fitzwilliam residents who in any way assisted the Board during the year. This includes those of different views or opinions who were honest enough to express themselves in the best interest of the Town.

Recognition is again due former members of the Planning Board. Many of their far-sighted actions are now coming to fruition. In 1968 for example records show that the Planning Board was working on such projects as: updating the base map of the Town, exploring the possibility of obtaining a Town beach at Laurel Lake, instituting an Historic District, and formulating subdivision regulations.

But what did the Planning Board actually "do" in 1971 ? Not as much as we would have liked to. The planning process is, by its very nature, slow. The result of most planning does require some change and is frequently and seriously questioned by many. It is, therefore, necessary to study and research each project as thoroughly as possible before presentation to the Town for any action it may care to take. Specifically, however, we can cite the following areas of public interest.

REAL ESTATE DEVELOPMENT - The Board continued to work with local property owners to interpret and comply with local and State sub-division regulations. In addition, we call attention to the Article in this year's Warrant relating to lot size. This gives the voters the opportunity to limit future dwelling sites to a minimum of two acres. This is another means of guiding the growth of the Town so that its character and attractive qualities can be maintained.

LAUREL LAKE - Recognizing that Laurel Lake is one of the Town's prime assets, and at the request of several property owners on the Lake, the Planning Board sought to determine the public sentiment regarding pollution, preservation of its natural beauty, and water safety. Sentiment was particularly high in all three areas.

Pollution should now be adequately controlled by our newly appointed Health Officer, Mr. William Lewis.

Preservation of the Lake area's natural beauty is a responsibility we must all undertake.

Water safety centered on the use of high powered and fast boats on the Lake. Although there are areas now marked to protect dock and swimming areas, there has been no visible enforcement of the many violations that occur.

Demand is rapidly exceeding supply for summer water recreational areas. After many meetings, letters and petitions, it appeared that the majority of people who commented were in favor of "some kind of control" of motors on the Lake. Recognizing the impracticalities of enforcement of such measures as speed and horsepower limitations, the Board has entered an Article on the Warrant that would request the State

of New Hampshire to ban the use of all motors on Laurel Lake. Passage of this Article would have a definite impact on influencing the State's decision as to whether they would ban motors, as Laurel Lake is a State-controlled body of water, and this decision cannot be made by the Town of Fitzwilliam.

HIGHWAY SAFETY - Acting to reduce the obvious traffic hazard at the intersection of Routes 119 and 12 (a hazard that has resulted in many serious accidents) the Board met with two State Representatives and State highway officials on three different occasions. As a result, the Board commended the authorities for their action of installing improved alternating blinkers at the intersection of Routes 119 and 12. In addition, stop and yield signs were installed on all Town roads entering Routes 119 and 12.

FUTURE PLANNING - Looking ahead to 1972, the Board feels that the time has now come to again open discussion of an admittedly controversial subject, that of zoning. Many newspaper articles have been written that people in small towns too often think they can "keep things as they are" without the tools to control irresponsible and undesirable development. Unfortunately, not all property owners have the Town's best long range interest at heart. There must be a mechanism to provide for controlled growth. In Fitzwilliam, the term zoning has for years been equated with the loss of freedom and independence. Now, however, the Board senses a trend to a more realistic view. The Planning Board, therefore, intends to again bring this matter to the attention of the Townspeople through public hearings, and a special Town Meeting.

During 1971, the Board accepted the resignation of Robert Harkins and welcomed Robert Corrette in his stead. Robert Anderson was named Secretary and Mr. Corrette was appointed the Planning Board's liaison to the Historical District Commission. The other members of the Board are: William Skarin, Kenneth Cavadini, James Kennedy and Howard Holman who represents the Board of Selectmen.

The Board again reminds the Townspeople that all of its meetings are open and that suggestions and comments - formal and informal - are always welcome.

Respectfully submitted,

Dudley P. Housman, Chairman
Planning Board
